

## **PSHE (Personal, Social, Health Education) Policy** **(including Relationships and Health Education statutory from** **September 2020, and our position on Sex Education )**

Name of school	St Barnabas CE First and Middle School
Date of policy	February 2023
Member of staff responsible	Rachel Steinbrecher
Review date	September 2023

As a Christian school our vision is that all children will know that everyone is loved by God. We are passionate about ensuring that every pupil has every opportunity to be the best that they can be.

We are an inclusive Church School with a commitment to providing quality education that meets the needs of all. We aim to create successful learners, confident individuals and responsible citizens through our Christian approach of love and cooperation. 'Let all that you do be done in love' encourages us to have a lifelong love of learning so we flourish as human beings.

### **Our Christian Values**

Our school values underpin all that we do. These values are found in all our classrooms and in key areas around our school. We celebrate these values in collective worship and they are integral part of our vocabulary.

These values are:

**Respect, Love, Generosity, Thankfulness, Honesty and Courage**

*'Let all that you do be done in love' – 1 Corinthians Ch.16 vs.14*

## **PSHE**

At St Barnabas CE First & Middle School, we teach Personal, Social, Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity. We value PSHE as one way to support children's development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

Our pupils are part of a village school and therefore are not exposed to as many different cultures and beliefs as others are. Our intention is that pupils at St Barnabas CE First and Middle School have the opportunity to explore a wider range of people of different backgrounds, beliefs and abilities. When children leave St Barnabas, they will do so with the knowledge, understanding and emotions to be able to play an active, positive and successful role in today's diverse society. We want our children to have high aspirations, a belief in themselves and realise that anything is possible if they put their mind to it. In an ever-changing world, it is important that they are aware, to an appropriate level, of different factors which will affect their world and that they learn how to deal with these so that they have good mental health and well-being.

Our PSHE curriculum develops learning and results in the acquisition of knowledge and skills which will enable children to access the wider curriculum and prepare them to be a global citizen now and in their future roles within a global community. It promotes the spiritual, moral, cultural, mental and physical development of pupils, preparing them for the opportunities, responsibilities and experiences for later life. Our Relationships and Sex Education enables our children to learn how to be safe, and to understand and develop healthy relationships, both now and in their future lives.

### **Statutory Relationships and Health Education**

“The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education... They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education (PSHE) continues to be compulsory in independent schools.”

DfE Guidance p.8

“Today's children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way.”

“This is why we have made Relationships Education compulsory in all primary schools in England... as well as making Health Education compulsory in all state-funded schools.”

“In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy.”

“These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others' wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society.”

Secretary of State Foreword DfE Guidance 2019 p.4-5

“Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons.”

DfE Guidance p.8

“All schools must have in place a written policy for Relationships Education and RSE.”

DfE Guidance p.11

### **Our PSHE policy is informed by existing DfE guidance:**

- [Keeping Children Safe in Education](#) (statutory guidance)
- [Respectful School Communities: Self Review and Signposting Tool](#) (a tool to support a whole school approach that promotes respect and discipline)
- [Behaviour and Discipline in Schools](#) (advice for schools, including advice for appropriate behaviour between pupils)
- [Equality Act 2010 and schools](#)
- [SEND code of practice: 0 to 25 years](#) (statutory guidance)
- [Alternative Provision](#) (statutory guidance)
- [Mental Health and Behaviour in Schools](#) (advice for schools)
- [Preventing and Tackling Bullying](#) (advice for schools, including advice on cyberbullying)
- [Sexual violence and sexual harassment between children in schools](#) (advice for schools)
- [The Equality and Human Rights Commission Advice and Guidance](#) (provides advice on avoiding discrimination in a variety of educational contexts)
- [Promoting Fundamental British Values as part of SMSC in schools](#) (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC))
- [SMSC requirements for independent schools](#) (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

## **Implementation**

The whole-school approach Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year

Term	Puzzle (Unit)	Content
Autumn 1	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
Spring 1	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At St Barnabas CE First and Middle School we allocate 30 minutes PSHE each week in EYFS and KS1 and 1 hour in KS2 and KS3, in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way. These explicit lessons are reinforced and enhanced in many ways: Assemblies and collective worship, praise and reward system, Learning Charter, through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Class teachers deliver the weekly lessons to their own classes.

## **Relationships Education**

### ***What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?***

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'. The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education. It is important to explain that whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

## **Health Education**

### ***What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?***

Health Education in primary schools will cover 'Mental wellbeing', 'Internet safety and harms', 'Physical health and fitness', 'Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', 'Changing adolescent body'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

## **Sex Education**

The DfE Guidance 2019 (p.23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils.

However, 'Sex Education is not compulsory in primary schools'. (p. 23)

Schools are to determine the content of sex education at primary school. Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

At St Barnabas CE First and Middle School, we believe children should understand the facts about human reproduction before they leave primary school so:

We define Sex Education as understanding human reproduction.

We intend to teach this as part of the Changing Me Puzzle piece delivered in term 6.

### ***Parents' right to request their child be excused from Sex Education***

"Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory Relationships and Sex Education" DfE Guidance p.17

At St Barnabas CE First and Middle School, puberty is taught as a statutory requirement of Health Education and covered by our Jigsaw PSHE Programme in the 'Changing Me' Puzzle (unit). We conclude that sex education refers to Human Reproduction, and therefore inform parents of their right to request their child be withdrawn from the PSHE lessons that explicitly teach this i.e. the Jigsaw Changing Me Puzzle (unit) e.g.

Year 4, Lesson 2 (Having a baby)

Year 5, Lesson 4 (Conception)

## Year 6, Lesson 3 (Conception, birth)

The school will inform parents of this right by a letter sent out. The school holds information session for parents enabling them the opportunity to come into the classroom to view the teaching materials and animations used to deliver our RSE curriculum and discuss questions that they may have with teaching staff.

### **Monitoring and Review**

The LAB monitors this policy on an annual basis. The PSHE lead monitors the implementation of PSHE through quality assurance activities. Governors scrutinise and ratify teaching materials to check they are in accordance with the school's ethos.

### **Equality**

#### **This policy will inform the school's Equalities Plan.**

At St Barnabas CE First and Middle school we promote equality of opportunity. We promote positive attitudes and encourage active participation of all stakeholders regardless of race, gender, disability, age, religion, belief and sexuality. In so doing we strive to eliminate any unlawful discrimination or harassment of any group and where any such harassment is found appropriate action will be taken immediately.

The DfE Guidance 2019 (p. 15) states, "Schools should ensure that the needs of all pupils are appropriately met, and that all pupils understand the importance of equality and respect. Schools must ensure they comply with the relevant provisions of the Equality Act 2010 under which sexual orientation and gender reassignment are amongst the protected characteristics.

At the point at which schools consider it appropriate to teach their pupils about LGBT (Lesbian, Gay, Bisexual, Transgender), they should ensure this content is fully integrated into their programmes of study for this area of the curriculum rather than delivered as a stand-alone unit or lesson. Schools are free to determine how they do this, and we expect all pupils to have been taught LGBT content at a timely point as part of this area of the curriculum".

At St Barnabas CE First and Middle School we promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships, Health and Sex Education.

For further explanation as to how we approach LGBT relationships in the PSHE (RSHE) Programme please see:

'Including and valuing all children. What does Jigsaw teach about LGBTQ relationships?

*Jigsaw PSHE supplementary documents needed to explain this policy:*

- Jigsaw 3-11 and statutory Relationships and Health Education (mapping document)
- Including and valuing all children. What does Jigsaw teach about LGBTQ relationships?
